That the League of Red Cross Societies, Geneva is the governing and regulatory body for the activities conducted by more than one hundred and twenty Sister Societies located throughout the world; it seeks to ensure each will apply the Statement of Red Cross Principles enshrined within the United Nations' Charter;

That toward this end it renders many forms of assistance and guidance to its universal membership, thus helping to develop a preparedness, dedication and viability that within its particular terms-of-reference will be entirely responsive to each country's humanitarian and social development needs;

That one of the more important operational functions discharged by the League rests with the services rendered by its Disaster Planning Bureau, whereunder each national Society is encourated and assisted to develop a survival plan, in consultation with its own Government, and to have defined therein the role it will play in situations where there is threat to human survival;

...2

That traditional funding derived from membership fees leaves an estimated budgetary shortfall exceeding 291,000 Swiss Francs, notwithstanding the special contributions pledged or given by such sources as the Governments of Sweden and the United States of America, the Red Cross Societies of Denmark, the Federal Republic of Germany, Iceland, Spain and Switzerland plus the Edna McConnell Clark Society, New York;

That it is considered desirable and expedient for Canada to assist financially through a cash grant of $35,000, designed to provide essential budgetary support for the Disaster Planning Bureau of the League of Red Cross Societies; and

That the Special Account authorized by Vote 33(d) of Appropriation Act No. 2, 1965, as amended, provides authority to make payments subject to terms and conditions approved by the Governor in Council, to recognized development institutions for extending economic and social assistance to developing countries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Vote 33(d) of Appropriation Act No. 2, 1965, is pleased hereby to authorize a payment of $35,000 to the League of Red Cross Societies, through the Canadian Red Cross Society, on condition that the League apply the payment to the budgetary support of the activities of its Emergency Planning Bureau.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 22 May, 1974

The Committee of the Privy Council have had presented to them a Report by the Minister of Industry, Trade and Commerce which indicated that there appears to exist in the industry concerned with the production of primary iron and steel products a situation that is having or is likely to have a substantial effect on the living costs of Canadians generally.

The Committee, therefore, on the recommendation of the Minister of Industry, Trade and Commerce, advise that Mr. Justice Willard Z. Estey of the Ontario Court of Appeals, of the City of Toronto in the Province of Ontario, be appointed a Commissioner under Part I of the Inquiries Act:

(a) to inquire into and report at the earliest possible date concerning increases in the price of steel products made effective May 15th, 1974, by the Steel Company of Canada and also concerning any increases that may be announced by any other producer of primary iron and steel products and to report whether such increases are exacting profit margins on the sale or distribution of such products that are greater than would customarily obtain on such sale or distribution; and further,

(b) to inquire into and report at an early date on whether producers of primary iron and steel products are:

(i) exacting profit margins on the sale or distribution of such products that are greater than would customarily obtain on such sale or distribution; or

...2

(ii) withholding or causing to be withheld from sale or distribution an inventory of the products that is substantially in excess of that which they would normally hold or cause to be held with the intention of realizing, at a later date, a profit margin on the sale or distribution of the articles that is greater than they would customarily obtain on such sale or distribution.

The Committee further advise that:

(1) The Commissioner be authorized to publish his report under his own authority;

(2) The Commissioner be authorized to exercise all powers conferred on Commissioners by Section II of the Inquiries Act;

(3) The officers and employees of the departments of the Government of Canada be required to render such assistance to the Commissioner as may be required for his activities;

(4) The Commissioner be authorized to engage the services of such counsel, staff, clerks and technical advisers as he may require at rates of remuneration and reimbursement to be approved by the Treasury Board.

Copie certifiée conforme au procès-verbal d'une réunion du Comité du Conseil privé, approuvé par Son Excellence le Gouverneur général le 22 mai 1974

Le ministre de l'Industrie et du Commerce a présenté au Comité du Conseil privé un rapport selon lequel il semble exister dans l'industrie de la production du fer primaire et des produits de l'acier, une situation qui a ou aura probablement des répercussions considérables sur l'ensemble du coût de la vie pour les Canadiens:

A ces causes, sur avis conforme du ministre de l'Industrie et du Commerce, le Comité recommande que le juge Willard Z. Estey de Toronto (Ontario), de la Cour d'appel de l'Ontario, soit nommé commissaire en vertu de la Partie I de la Loi sur les enquêtes

a) pour faire enquête et rapport dans les meilleurs délais sur la hausse du prix des produits de l'acier que la Steel Company of Canada a mise en vigueur le 15 mai 1974, ainsi que sur toute hausse que pourra annoncer tout autre producteur de fer primaire et de produits de l'acier, et pour établir si, grâce à ces hausses, lesdits producteurs retirent de la vente ou de la distribution de ces produits des profits supérieurs à ceux que leur rapporterait normalement telle vente ou distribution; et, en outre,

b) pour déterminer, au moyen d'une enquête, si les producteurs de fer primaire et de produits de l'acier

...2

(i) retirent de la vente ou de la distribution de ces produits des profits supérieurs à ceux que leur rapporterait normalement telle vente ou distribution; ou

(ii) refusent de vendre ou de distribuer des stocks qui sont sensiblement plus considérables que ceux qu'ils garderaient ou feraient normalenent garder, ou en empêchent la vente ou la distribution, dans l'intention de les vendre ou de les distribuer plus tard en faisant des profits supérieurs à ceux que leur rapporterait normalement telle vente ou distribution, et pour faire rapport sur ces questions dans un proche avenir.

Le Comité recommande en outre:

(1) que le commissaire soit autorisé à publier son rapport de son propre chef;

(2) que le commissaire soit autorisé à exercer tous les pouvoirs que confère aux commissaires la Partie II de la Loi sur les enquêtes;

(3) que les fonctionnaires et employés des ministères du gouvernement du Canada soient tenus d'apporter au commissaire l'aide dont il pourra avoir besoin pour exercer son mandat;

(4) que le commissaire soit autorisé à retenir les services des avocats, du personnel, des commis et des conseillers techniques dont il pourra avoir besoin, aux taux de rémunération et de remboursement qu'approuvera le Conseil du Trésor.

WHEREAS the Minister of Transport reports as follows:

That by Order in Council P.C. 1959-204 dated the 19th day of February 1959, the Welland Canals and Welland Canal lands, amongst others, were transferred from the Department of Transport to the St. Lawrence Seaway Authority;

That part of the land transferred to the St. Lawrence Seaway Authority by Order in Council P.C. 1959-204 consists of Lot 27 having a frontage of 66 feet on the east side of Chapel Street, as shown on the Plan of the Hoover Subdivision registered as Instrument No. 10816 for the Town of Thorold, in the Regional Municipality of Niagara and Province of Ontario, all as more particularly described in a deed from Mary L. Calcott dated October 21, 1913, and bearing No. 20442 in the records of the St. Lawrence Seaway Authority;

That by Order in Council P.C. 3257 of December 29th, 1936, a portion of the lands described in deed 20442 and being part of Lot 27 as shown on the plan of the Hoover Subdivision, registered as Instrument No. 10816, having a frontage of 50 feet on the east side of Chapel Street, was conveyed to George W. Turner, Esquire, by a Letters Patent dated January 30, 1937, and bearing No. 30262 in the records of the St. Lawrence Seaway Authority;

That Mr. Turner did install a driveway and construct a garage on the lands assumed to have been conveyed to him by deed 30262, the southerly limits of which supposedly were indicated by a chain link fence erected by former Department of Railway and Canal forces;

That more recent field surveys indicate that due to the misplacement of a concrete monument, the fence is in fact located approximately 61/2 feet southerly of the southerly boundary of the lands conveyed to Mr. Turner by deed 30262 and that the driveway and garage is encroaching on Welland Canal reserve lands of the St. Lawrence Seaway Authority;

.... 2

That Mr. Turner has represented that he has occupied, used and maintained the strip of land 5'.7" in width between his property line and the concrete base of fence in excess of 35 years under the assumption that by deed he did own the land and has requested a Quit Claim Letters Patent thereto to resolve the problem of the encroachment;

That the Authority has no need for or desire to retain title to the strip of land having a frontage of 5'.7" on the east side of Chapel, situate, lying and being part of Lot 27, as shown on the Plan of the Hoover Subdivision, registered as Instrument No. 10816 for the Town of Thorold in the Regional Municipality of Niagara and Province of Ontario, containing by admeasurement 360 sq. ft., more or less; and

That the Authority, therefore, proposes to convey by Quit Claim Letters Patent to Mr. George W. Turner, all right title and interest in and to the parcel of land containing by admeasurement 360 sq. ft., more or less, and being part of Lot 27 according to the Plan of the Hoover Subdivision, for consideration of the minimal sum of $50.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, pursuant to paragraph 4(1)(a) of the Public Lands Grants Act, is pleased hereby to authorize the St. Lawrence Seaway Authority to convey by Quit Claim Letters Patent to George W. Turner, a parcel of land and premises, containing by admeasurement 360 sq. ft., more or less, situate, lying and being part of Lot 27, as shown on the Plan of the Hoover Subdivision, registered as Instrument No. 10816 for the Town of Thorold, in the Regional Municipality of Niagara and Province of Ontario, for the consideration of the minimal sum of $50.

Agreement entered into this day of , 1974

BETWEEN

The Ontario Wheat Producers' Marketing Board in the city of Chatham in the County of Kent in the Province of Ontario hereinafter called the "Board"

OF THE FIRST PART

and

Her Majesty the Queen the "Minister"

OF THE SECOND PART

WHEREAS the Board is desirous of marketing a quantity of winter wheat produced in 1974 in the Province of Ontario on a co-operative plan, under the provisions of the Agricultural Products Cooperative Marketing Act.

NOW THEREFORE in consideration of these presents, the parties hereto hereby covenant and agree each with the other as follows:

1) The Board agrees to market, or cause to be marketed on a cooperative plan, under the provisions of the Agricultural Products Co-operative Marketing Act, such winter wheat as defined in the Canada Grain Act produced in the Province of Ontario in 1974 and delivered for its wheat pooling account.

2) The Board agrees in the event of any dispute over determination of class, variety, grade or size of wheat delivered to its account for pooling shall be subject to grading and government inspection.

3) The Board will pay to primary producers of winter wheat delivered to its account for pooling purposes in accordance with the terms of this agreement, an initial payment of $2.01 per bushel for Number 2 C.E. winter wheat at 14% moisture content with appropriate discounts for lower grades and higher moisture contents.

4) The Board shall make no payment to primary producers subsequent to the initial payment unless such subsequent payment is first approved by the Governor General in Council.

5) The Board agrees to process, store and otherwise handle the wheat delivered to its account under this agreement in accordance with recognized good commercial practices.

6) The Board will market such wheat to the best possible advantage.

7) For the purposes of this agreement:

a) handling costs shall include only the actual costs of interest on borrowed money for the purpose of making initial payments and the cost of storage and dealer handling, the amount of these costs not to exceed an average of 34¼ cents per bushel;

b) the wholesale price shall mean the actual amount received by the Board for the sale of wheat country points Ontario under this agreement.

8) The Minister undertakes that if the average wholesale price realized for such wheat produced in the Province of Ontario and delivered to the Board for pooling to the account of the Board is less than the initial payment together with the actual average handling costs, which shall not exceed the maxima as set forth in clause 7 hereof, there shall be paid to the Board the amount by which the initial payment together with the average handling costs exceed the average wholesale price aforesaid computed on the amount so delivered.

9) The Board shall report to the Minister at the end of each month during the currency of this agreement, the total quantity by kind of wheat delivered to it for pooling and sold by it from the pool accounts during that period, and such other information as the Minister may require.

10) The books and accounts of the Board shall be inspected and audited by an accountant or professional auditor as provided by Section 6 of the said Act, and the report of such accountant shall be submitted to the Minister as required.

11) It is further understood and agreed that in the event of any dispute as to the interpretation of any provision of this agreement, the decision of the Minister shall be final and binding.

12) The Minister may, on such notice as he deems fair and reasonable, require that the delivery under this agreement, of winter wheat to the Board be discontinued, with the result that the Minister shall not be liable in respect of any winter wheat delivered to the Board after the date specified in such requirement.

13) This agreement shall remain in effect until June 30, 1975.

14) Notwithstanding anything in this agreement, the Minister shall not be liable for any payment where the average wholesale price is in excess of $2.35\frac{1}{4}$ per bushel.

WHEREAS the Secretary of State for External Affairs reports as follows:

That the Caribbean Development Bank (CDB) is a financial institution based in Barbados comprised in its membership of countries of the Commonwealth Caribbean region established for the purpose of making funds available to its member countries in the interests of economic and social development;

That CDB is desirous of furthering agricultural development related to commercial meat production in the Less Developed Countries (LDC's) of the Commonwealth Caribbean region through the medium of surveys and appraisal studies in the LDC's related to commercial meat production for the purpose of developing specific projects capable of being financed from time to time by the CDB. The surveys and studies would utilize the "COMFITH" separation technology developed by a Canadian company, Canadian Cane Equipment Limited, whereby the constituent components of sugar cane, namely, the outer rind ("COMRIND") and the inner pith ("COMFITH") are separated so as to make the latter available for use in animal feeds;

...2

That the provision of assistance to CDB fulfills the Canadian objective of supporting development oriented organizations of the Commonwealth Caribbean region in the task of establishing programs which will help improve the economic situation of less developed countries in the Commonwealth Caribbean region;

That it is considered desirable and expedient for Canada to assist financially the CDB in a proposed program of surveys and studies related to the improvement of commercial meat production in the LDC's through the provision of a direct grant of $300,000, for the purpose of retaining consultants to carry out the surveys and studies over a two year period; and

That the Special Account authorized by External Affairs Vote 33(d) of Appropriation Act No. 2, 1965, as amended, provided authority to make payments, subject to terms and conditions approved by the Governor in Council, to developing countries and their agencies, to educational and technical institutions in such countries, and to recognized international development institutions.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to External Affairs Vote 33(d) of Appropriation Act No. 2, 1965, as amended, is pleased to authorize payments not to exceed $300,000, as economic assistance to the Caribbean Development Bank (CDB) on the following conditions:

(a) That CDB agrees that the payments will be applied to the cost of fees and actual and reasonable expenses of consultants who may be retained by the Bank to carry out surveys and studies for the purpose of ascertaining the resources relevant to and available for use in the commercial application of "COMFITH" technology in beef and other livestock production in the LDC's;

(b) That Canada shall make an initial payment of $100,000 at the commencement of the project and such further advances as requested by the CDB upon submission of appropriate reports and financial statements accounting for previous advances made, the total payments not to exceed $300,000; and

(c) That CDB agrees, also, to enter into an agreement or arrangements with the Government of Canada covering the end and purpose of the said payments and to make such reports on the progress and the costs of the project as may be required by the Government of Canada.

and also, the conclusion by Canada of the agreement or arrangements referred to in condition (c) above.

WHEREAS the Secretary of State for External Affairs reports as follows:

That Canada has given strong support in the past to the Asian Development Bank, particularly with regard to its concessional lending programme;

That the concessional funds made available to the Asian Development Bank are now almost entirely committed;

That the Asian Development Bank's concessional funds so far have been managed under varying terms and conditions set forth by individual contributors, a fact which has made it difficult for the Bank to administer and plan effectively its concessional lending programme;

That the Asian Development Bank has undertaken to restructure and replenish its Special Fund operations through a unified IDA-type Special Fund which after the first phase of the replenishment, will meet fully the objective of the Bank to have all new contributions untied on a reciprocal basis;

That although Canada's existing tied contribution has not been fully utilized the Bank requires additional commitment authority urgently;

...2

That additional support for the Bank's technical assistance programme could help identify not only projects of a high development priority but also projects better related to Canadian industrial capabilities;

That the Special Loan Assistance Vote (External Affairs Vote L35 1974-75) provides authority to make loans subject to terms and conditions approved by the Governor General in Council to recognized international development institutions for the purpose of undertaking economic, educational, technical and social assistance to developing countries; and

That the Special Account authorized by Vote 33(d) of the Appropriation Act No. 2, 1965, as amended, provides authority to make payments subject to the terms and conditions approved by the Governor in Council to recognized international development institutions for the purpose of extending economic, educational, technical and social assistance to developing countries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Vote 33(d) of the Appropriation Act No. 2, 1965, is pleased hereby to authorize the Secretary of State for External Affairs

(a) to advance from the Special Loan Assistant Account up to the equivalent of United States $10 million to the Asian Development Bank and subject to the following terms and conditions:

(i) the contribution is to be paid in two stages of $6.67 million (United States equivalent as of November 20th, 1973) for the Fund's first year of operation and $3.33 million (United States equivalent as of November 20th, 1973) for the Fund's second year of operation; and

(ii) the contribution is to be open to the procurement of goods and services in Asian Development Bank member countries and is to be governed by the Bank's regulations.

HIS EXCELLENCY IN COUNCIL is further pleased to authorize a tied contribution of $500,000 to the Asian Bank's Technical Assistance Fund from the International Development Assistance Sub-Vote on the condition that these funds be used to develop pre-feasibility and feasibility studies of a high development priority and related to Canadian industrial capabilities.
